SUMMARY

Dedicated warehouse professional with over three years of experience in logistics and manufacturing. Proven ability to manage inventory processes while enhancing team performance. This role showcased leadership skills through training efforts for new staff members. Committed to optimizing operations and driving efficiency in fast-paced environments. Demonstrated effective communication throughout various teams, fostering positive relationships. Skills included mastering raw material cycle counts and leading projects aimed at continuous improvement. Thrives on meeting customer demands while ensuring safety and quality standards remain paramount.

EXPERIENCE

Warehouse Associate II

Logistics Solutions Inc.

March 2023 - Present

Champaign, IL

- Focus on coordinating shipping and receiving operations within a fast-paced environment. Managed precise execution of delivery schedules while supporting cross-functional teams in achieving operational goals and maintaining quality standards.
- Enhanced service levels by ensuring timely order delivery and accuracy through meticulous oversight of shipping processes.
 - Conducted regular cycle counts as well as audits, aligning practices with FIFO protocols to maintain compliance.
 - Took charge in training initiatives for new warehouse staff, thereby bolstering team performance and commitment to safety measures.
 - Fostered collaboration among team members to address logistical challenges swiftly, encouraging a culture focused on growth and continual improvement.
 - Applied Microsoft Office Suite effectively for streamlined reporting and data management, aiding communication with the upper management.
 - Engaged in kaizen events that resulted in improved efficiency across the warehouse, shortening processing times significantly.

Warehouse Associate I

Warehousing Experts LLC

January 2021 - February 2023

Bloomington, IL

- Contributed significantly to daily operations involving shipping and receiving tasks. Focused on fulfilling order accuracy and completeness by adhering to established guidelines while promoting a safer work environment.
- Assured precise order fulfillment and shipment documentation as pivotal duties contributing directly to superior operational standards.
 - Enforced safety regulations and participated diligently in training programs, advocating for improved workplace safety across shifts.
 - Streamlined inventory management processes embedding data entry into warehouse management systems, elevating stock-level precision.
 - Maintained quality checks on shipments upon receipt and dispatch, thereby reducing discrepancies and returns.
 - Emphasized teamwork achievements by creating inviting interactions among staff, cultivating a collaborative atmosphere.
 - Established reliable partnerships with drivers and shipping personnel which simplified loading/unloading procedures yielding smoother transitions.

Warehouse Intern

Warehouse Solutions Co.

June 2020 - December 2020

Peoria, IL

- Provided vital support in the organization and management of warehouse inventories. Gained pivotal exposure to software applications utilized in logistics and capitalized on best-practice learning in day-to-day operations.
- Created an accessible storage system aiding quicker item retrievals and contributing to improved resolution times.
 - Learned essential warehouse management principles while supporting team activities to ensure workflow compliance and fulfill requests efficiently.
 - Acquired familiarity with key warehouse management systems, offering assistance in data entry duties prevalent throughout assignments.
 - Engaged intently in all safety training endeavors ensuring adherence amongst peers which reflect favorably on overall safety records.
 - Collaborated prominently during special projects, providing constructive insights resulting in fine-tuning existing operational methodologies.
 - Continually expanded knowledge through active participation in workshops focusing on warehouse practices and industry advancements.
