EXPERIENCE

Warehouse Operations Intern

University Project  June 2025 - August 2025  New York, NY

Supported warehouse operations by collaborating on processes for event logistics. Managed inventory and upheld storage areas' cleanliness and organization. Engaged in daily coordination sessions to address challenges and share insights aimed at refining practices. Operated effectively under supervision while contributing ideas that drove positive adjustments. Enhanced efficiency through labeling systems and organization methods.

- Streamlined loading/unloading protocols for smooth goods transitions at university events.
- Maintained high standards of inventory accuracy and area organization.
- Developed an efficient labeling system that improved overall product retrieval speed.
- Collaborated with peers in daily briefings to tackle operational issues promptly.
- Showcased items effectively for presentations at university functions.

Logistics Coordinator

University Project  January 2025 - April 2025  New York, NY

Oversaw logistics management for campus food drives, ensuring successful collection and distribution efforts. Coordinated volunteer staffing schedules, resolved logistical challenges, and maintained steady resource flow with local suppliers. Conducted project evaluations that resulted in actionable recommendations for future efficiency improvements. Contributed significantly to promoting community engagement through meticulous planning.

- Led logistics planning for a significant campus initiative, managing over 500 pounds of collected goods.
- Reviewed and improved procedure flows for subsequent food drive events, boosting engagement.
- Ensured sufficient volunteer coverage through thoughtful schedule development.

MY CAREER

- Warehouse Operations Intern at University Project (2 Months)
- Logistics Coordinator at University Project (3 Months)
- Warehouse Management Research Assistant at Academic Research (3 Months)

- Collaborated with local vendors for necessary supplies, preserving essential operations.
- Implemented debrief sessions for targeted strategizing post-event analysis.

Warehouse Management Research Assistant

Academic Research 📅 September 2024 - December 2024 📍 New York, NY

Assisted in comprehensive research exploring warehouse operations focusing on best practices. Compiled data from interviews and surveys, analyzing feedback to highlight operational needs. Presented organized findings that influenced academic papers discussing enhanced logistic strategies. Engaged hands-on with literature reviews, widening understanding of industry standards.

- Facilitated research collection through direct interactions with local industry stakeholders.
- Analyzed feedback trends to inform tangible recommendations for warehouse improvement.
- Authored portions of scholarly assets, enhancing department knowledge base.
- Participated in collaborative discourse shaping research directions and content refinement.
- Contributed overall quality via comprehensive literature reviews regarding logistics efficiencies.
