Hiring Manager
FinServe Corp
Chicago, IL

Dear Hiring Manager,

I am thrilled to apply for the Wealth Management Intern position at FinServe Corp, an opportunity that resonates with my financial passion as well as my academic pursuits. My experience aligns beautifully with your needs, and I believe this internship could provide me a fantastic platform to make a meaningful impact.

As a finance student at the University of Illinois Chicago, I delved into various financial analyses, conducting market research that focused on investment strategies. My collaborative nature shines through in projects with peers, as together we explored innovative investment reviews and marketing campaigns that not only captivated audiences but also boosted engagement among student organizations. This energizing process gives me hope for future contributions in wealth management!

While I often face challenges, I am constantly driven to embrace growth. In one such instance, I navigated the obstacles of a complex capstone project, utilizing statistical methods for financial forecasting. Surpassing my own expectations, I produced actionable insights. Such experiences fire up my ambitions to contribute positively to FinServe Corp's goals.

Engaging with finance professionals in workshops sharpened my analytical skills and enlightened me about industry trends. I'm confident these insights will aid in preparing impactful investment reviews for your clients and executing campaigns that attract new business. The blend of my knowledge and experience positions me to be an asset to your team, enhancing both my personal growth and your company's initiatives.

Driven by purpose and reinforced by my academic successes, including recognition on the Dean's List and participation in finance extracurriculars, I feel primed to join the FinServe family. I wholeheartedly look forward to contributing my skills to your esteemed company while learning invaluable lessons along the way.

Thank you for considering my application.

Sincerely,

Landon Robertson
