EXPERIENCE

Junior Web Developer

Techwave Solutions

June 2024 - Present

Naperville, IL

Contributes to the development of innovative web applications by translating graphic designs into engaging online experiences. Collaborates seamlessly with cross-functional teams to implement front-end solutions that capture client vision and meeting specifications.

- Created responsive websites leveraging cutting-edge technologies for fluid user experiences.
- Developed both static and dynamic interfaces using HTML, CSS, and JavaScript to optimize functionality.
- Streamlined project completion through effective team communication and collaboration.
- Assisted with backend tasks including application support and database management.

Web Development Intern

Digital Innovations LLC

January 2023 - May 2024

Aurora, IL

Gained hands-on experience supporting web solutions development under the guidance of seasoned developers. Played a key role during the deployment of critical projects by converting visual designs into operational websites and participating actively in planning phases.

- Cooperated with graphic designers to ensure accurate conversion of visuals into functional web pages.
- Engaged in daily scrums to discuss progress, roadblocks, and upcoming tasks.
- Contributed to project documentation by drafting specification documents outlining functionalities.
- Learned fundamental backend development processes using PHP and relational databases like MySQL.

LEADERSHIP & AWARDS

- Top Performer Award for Excellence in Web Development During Internship

- Academic Excellence Scholarship Recipient

CERTIFICATIONS

- Certified Web Developer (CWD) 📅 2025
- JavaScript Programming Certification 📅 2024

PROFESSIONAL AFFILIATIONS

- Member of the National Society of Black Engineers
- Vice President of the Computer Science Club at Springfield University

LANGUAGES

- English (Native)
- Spanish (Intermediate)
